

SEÇİL ÜNVEREN

UI/UX Designer with a background in engineering and experience working in aviation. Skilled in creating user-centered designs that are simple, intuitive, and visually appealing. Experienced in communicating with different kinds of customers, solving their problems, and adapting to unforeseen situations in dynamic work environments.

PROJECTS

Oeneus Wine Club — *Responsive web app for e-commerce*

- Created a responsive web app for a wine club that allows users to subscribe to several plans.
- Started with branding, analyzed competitors, produced interactive prototypes with Figma, evaluated usability testing results, and polished pixel-perfect visual designs.
- View the project here: [Oeneus Wine Club](#)

Sea Turtle Scan — *Native app for a nonprofit organization*

- Built a mobile app, from concept to final designs, to help staff enter and monitor data at sea turtle conservation centers.
- Explored the market, using Figma created easy-to-use interactive designs both for iOS and Android by following their design systems, used data visualization and animation techniques, interpreted user feedback, and refined designs.

WORK EXPERIENCE

SunExpress, Türkiye — *Flight Attendant*

Apr 2018 - Sept 2020

Provided great customer experiences while balancing company goals. Worked both independently and collaboratively with different teams by prioritizing tasks, handled conflicts proactively, followed the frequently changing rules and regulations of aviation and of the company. Managed 189-passenger flights as part of a team of 4, giving each customer a high level of service in fast-paced situations.
